We accept cash, checks, Visa or MasterCard. We will be happy to assist you in the processing of your insurance claim form. Any such request

Returned checks and balances older than 30 days will be subject to additional collection fees. Charges may also be made for broken appointments and appointments canceled without 24 hours advance notice. All legal fees associated with a delinquent account are the responsibility of the patient, parent or guardian. In the event that your account goes to collection, you will be responsible for a service fee of \$250.00 or 33% on the unpaid balance. This fee is in addition to all legal fees previously mentioned. On all delinquent accounts greater than 60 days from the date services are rendered, interest may be charged

You must realize, however, that if we do not participate with your insurance:

- 1. Your insurance is a contract between you, your insurance company and/or employer. We are not a party to that contract.
- 2. Our fees are generally considered to fall within the acceptable range by most companies and, therefore, are covered up to the maximum allowance determined by each carrier. This applies only to companies that pay a percentage (such as 50% or 80%) of the usual, customary and reasonable fees as determined by most companies. This statement does not apply to companies who reimburse based on an arbitrary schedule of fees, which bears no relationship to the current standard
- 3. Not all services are covered benefits of all contracts. Some insurance companies arbitrarily select certain services that they will not cover. Cosmetic procedures are usually not a covered expense.
- 4 If you are insured with a company with whom we currently participate, please have your insurance ID card available for our information. Should this insurance company, for any reason, not reimburse us directly, or if we should not hear from this company in reference to a claim, you will be responsible for full payment.

We must emphasize that as medical care providers, our relationship is with you, not your insurance company. While the filing of insurance claims is a courtesy that we extend to our patients, all charges are your responsibility from

We realize that temporary financial problems may affect timely payment of your account. If such problems do arise, we encourage you to contact us promptly for assistance in the management of your account.

Please be advised that a referral is needed for each visit. If your primary care physician has informed you that a referral is "in the system" be advised that if it cannot be retrieved, you will be held personally responsible for payment.

If you have any questions about the above information or any uncertainty regarding insurance coverage, please do not hesitate to ask us. We are here to help you.

I have read all the information on this sheet. I understand and agree that, regardless of my insurance status, I am ultimately responsible for the balance on my account. I will notify you of any changes in my health insurance status.

I have received/been offered a copy of Privacy Regulations and Patient's Rights.

Guarantee of Payment

Many insurance companies, including managed care organizations, require prior written authorization for treatment and follow-up visits. It is your responsibility as a patient to obtain all necessary authorizations from your insurance company prior to receiving medical services. If you have not received prior approval for the service or authorization has been denied, you are fully responsible for all charges if your insurance company does not agree to pay. In addition, you will be responsible for all deductibles, co-insurance, and co-payments, any service that is not covered by your insurance plan, and any service that your insurance company has determined not to be "medically necessary."

I have read and understand this information. I understand that my insurance company may deny coverage. Therefore, I authorize Associated Plastic Surgeons & Consultants, PC (APS) to perform medical services on my behalf. I agree to be fully responsible for all charges. I understand that APS is relying on this promise and is rendering services without requiring payment at the time of service based on such reliance.
